TANDYCOVER

- Signed And Sealed 5-Year Security

Tandy products are already guaranteed against faulty components or workmanship for periods between one and two years (certain hi-fi speakers 5 years). But now, for a small Insurance Premium, you can extend that guarantee for up to 5 years on most products, covering parts and labour, thus safeguarding yourself against the possibility of repair costs.

The extended guarantee covers both parts and labour and undertakes products in the event of failure due to defect or faulty workmanship in manufacture. You are eligible to apply whether you've just made your purchase - or within 30 days of the receipt date.

You have the option of a carry-in service by bringing your equipment to a Tandy Store or opting for Tandycover Plus you will have the benefit of prompt efficiency in home servicing at the end of your telephone!

30 FACTORIES IN 6 COUNTRIES

The company manufactures about 50% of its products in plants in the USA: California, Illinois, Iowa, Missouri, New Jersey, Texas, Canada, France, Japan, South Korea and Taiwan. By operating its own factories Tandy can move a product from the drawing board to the stores in optimum time. Tandy invest heavily in product development, constantly updating the new technology. By staying a step ahead, we keep quality high, costs down and customers happy! And customers in excess of 40 million worldwide can't be wrong! Join them and make Tandy your Electronics Company!

Tandy UK headquarters are based at an impressive new office complex at Bloxwich, West Midlands. Not far from this site at nearby Wednesbury is Tandy's 110,000 sq. ft. central warehouse, which forms the heart of our distribution network for the UK. Our warehouse is in constant supply of more than 2,000 items sold in our stores, thereby ensuring the fast and efficient distribution of goods to any point throughout the country.

Employment Opportunities In Retail Sales And Sales Management

Every Tandy store is a profit making centre managed by professional people who are enthusiastic not only in the career opportunities offered by a growth company, but also about the products they are selling, and we are looking to recruit the following key people: Trainee Managers, Sales Persons and Computer Sales Staff, to staff our ever-increasing number of retailing outlets.

In every case the successful applicant aged 20-45, must be of smart appearance, career minded and ambitious. An exceptionally high level of self-motivation, the ability to make decisions and the willingness to be measured on performance are vital attributes.

Full and comprehensive training will be given for all appointments.

It is the policy to promote from within the Company wherever possible therefore our middle and senior management positions throughout the company are filled by successful employees who have worked in Retail Management within Tandy Corporation.

If you feel that you would like to make the retailing profession your choice of career, and appreciate the opportunity that Tandy Corporation has to offer then please write to:

- Uses The MS-DOS 3.1 Operating System
- 8-Megahertz 80286 CPU - Twice The Speed Of Industry Standards

Tandy 3000 HL. If you've already invested in IBM PC/XT* software and hardware, yet are shopping for a lower-priced compatible, then take a look at the newest computer to join the Tandy line of IBM compatibles, the Tandy 3000 HL. With an 80286 processor, it's over four times faster than the XT. And that's good news for busy people. We also make sure the 3000 HL has plenty of memory to run the software you and your staff have grown accustomed to. The Tandy 3000 HL comes with 512K standard memory and can be expanded to 4 megabytes using the expansion slots. The 3000 HL has

seven expansion slots; four 8-bit/XT compatible slots and three 16-bit data bus slots. Also included is a built-in real-time clock with battery backup for automatic date-stamping of all jobs, process control and other time-sensitive applications. For XT compatibility with more power and versatility, at a much lower cost, this is the computer to step up to.
