

K.E.L.O.
SWORDS.
Co. Dublin

Dear Jan.

Firstly sorry for the delay in replying, secondly thank you for writing, glad you like our station, although I for one was surprised we could be picked up in Scotland.

I have also received letters for England (Lancashire) which also pleased our engineer.

So to answer some of your questions

! Studio Equipment

2x Garrard Turntables

2x Tape decks - cassette

1x Open Reel

1x Mixer

2 Amps looped some way ??

2 Transmitter

Running at $\frac{1}{2}$ power at the moment,
I think we should peak at 2K.

Over the past, most of the staff have been ~~was~~ active with various stations over the years, some longer than others. This time we would hope to motor on without the inclusion of spacer and egos. These types have ruined some good stations in the past.

IV.

Our plans to be happy doing what we are doing - gradually upgrade our equipment, our signal, play a wide variety of music, get exposure to unknown songs.

You and your friends are more than welcome to visit us, providing we are still here (over to you, Government)
Now as for working of K.E.L.O, financially we are very poor and I don't know if it would suit you, one thing for sure I'm not retired early to St Tropez.

Finally ta for the Reception
Report, your letter, the comments
Thanks for listening.

I'm trying to organise a few promo
bits and pieces, will send under
separate cover

Good Listening
