

Storeton Community Radio are announcing another 14-18s Night-out. It will be held at MA BAKER's CLUB, Conway Street, Birkenhead on 19th November and admission is £1. They will feature the SCR disco, and most of the DJs will attend.

MERSEYLAND ALTERNATIVE RADIO 819kHz: PO Box 9, Moreton, Wirral, Merseyside.

This station have not been heard this week, and have presumably closed down. Initially it was thought that the station may simply have reduced its hours, but they were not heard at all on Friday afternoon nor over the weekend. ex-MAR DJ, Steve Bishop is now reported to be operating a RADIO ATLANTIS on 1242kHz from the Worcester area, although reports from that area say that the signal is very weak.

RADIO ATLANTIS 102.7MHz FM; 150, Rake Lane, Wallasey, Merseyside L45 1JW

This station were also unheard this Sunday

RADIO MERSEYWAVES 94.8MHz FM; 23, Birnam Road, Poulton, Wallasey, Merseyside L44 9AY.

This station had a carrier on their MW frequency shortly before 10am on Sunday. They appear to have played continuous music from 10am to 11am, when John Freeman opened the station. Heard to 6pm were:- 11am-Noon Mr "T"; Noon-2pm Tony Reeve; 2pm-3pm John Freeman; 3pm-4pm Paul Jay; 4pm-6pm John Freeman. At 6pm the FM transmitter came on the air in parallel with 1179kHz (which I forgot to include above!) . The announced schedule of Tina Christian 6pm-7pm, Bert Williams 7pm-9:30pm; Paul Jay 9:30pm-11pm; Tina Christian 11pm-Midnight close-down by Tony Reeve seems to have been somewhat amended. Tina Christian was heard 6pm-7pm, followed by Bert Williams, but at 10:30pm Paul Jay seems only just to have come on the air. Later programming was not heard.

CENTRAL RADIO INTERNATIONAL 1386kHz; 32, Bankburn Road, Liverpool L13 8BL.

This station appears to be operating from 9am - 9pm on Saturdays, but the regular DJ line-up has not been established, and from 10am to 8pm on Sundays. Regular DJs are Jim Browne, Jeff Stone, Howie, Phil Davies, Dave Smith, Ian Phillips and Gary Stephens. If Mark Evans is still with the station, his programmes have not been noted here for some time.

STRETTON COMMUNITY RADIO 102.6kHz: 23, The Meadow, Woodchurch Estate, Merseyside L45 8HX

The station have operated their 24-hour, 7-day format for some weeks now and seem to have "cracked" the problems associated with keeping a transmitter on the air continuously. They have been on the air whenever I have tuned-in, no matter at what hour of the day. Their daily schedule, however, continues to elude me.
