RADIO MERSEYWAVES 1242kHz: 18, Mallard Way, Moreton, Wirral, Merseyside L46 7SL.

The station were already on the air when checked at 6:30pm on Friday and sign-on time was not noted. Heard were:- ??-7pm Mark Newman; 7pm-8pm Paul Henderson; 8pm-9pm Tara; 9pm-10pm continuous music; 10pm-11pm Chris Taylor; 11pm-Midnight Mark Newman.
On Saturday the station carried continuous music until 10am, then 10am-Noon Jim Lowe; Noon-2pm Tom Webb; 2pm-4pm Paul Henderson; 4pm-6pm Chris Palmer; 6pm-8pm Tara; 8pm-10pm Martin Miller; 10pm-Midnight Mark Newman: They were already on the air when first checked at 10:20am Sunday and heard were:- ??-Noon Jim Lowe; Noon-2pm Tom Webb; 2pm-4pm Burt Williams; 4pm-6pm Paul Jay; From 6pm the line-up varied from that announced and the station seems to have developed a few problems. Martin Miller replaced Mark Newman between 6pm and 8pm but around 7:30pm or so he sounded as though he was just returning to the air and apologised for the breaks in transmission and continuous music. Between 8pm and 10pm they carried continuous music in place of Mark Newman and between 10am and Midnight Martin Miller was heard in place of Paul Henderson. The station were announcing continuous music from Midnight to lam and this was in progress when last checked at about 12:30am.

CENTRAL RADIO INT. 1404kHz: 30, Elkstone Road, Norris Green, Liverpool, Lll 2DK.

The mailing address for this station may have been incorrectly given as 40, Elkstone Road in last week's notes. The station were not on the air on Saturday, but they apparently rang Radio Merseywaves with a reception report and Faul Henderson "hoped that they would soon get their transmitter back on the air". On Sunday they were already on the air when checked at 10:22am. Heard were:- ??-Noon Jim Browne; Noon-2pm Mark Evans; 2pm-5pm Phil Davies; 5pm-9pm close-down Jim Browne/Mark Evans joint show. In the close-down announcement it was said that the latter show featured a guest appearance by Paul Allen of Radio Active together with Lynne Shaw and Diane, but none of these were noted. They are planning a joint "Night-Out" with Storeton Community Radio, but no details are yet being announced.

STORETON COMMUNITY RADIO 1026kHz: 23, The Meadow, Woodchurch Estate, Birkenhead, Merseyside L49 8HX

The good news about this station is that their signal is now back to its former S(3)strength and most of the old familiar names are back on the air, together with a few new ones. Announcements heard on Saturday suggest that the station was on the air on Friday night, but they were not heard at 6:30pm or later checks. On Saturday they were already on the air when first checked at 8:30am, when John Sniff, accompanied by Julie "C", were heard. It seems that new DJs Jeff Jones and Jill Jackson were on the air much earlier in the morning. Noted on Saturday were: - ??-10am John Sniff/Julie "C"; 10am-Noon Dave Collins: Noon-lpm Martin "C"; lpm-2pm Little Di; 2pm-4pm Andy Sloan; 4pm-6pm Keith the Chief/Paul Woods; 6pm-7pm Keith O'Keele(new); 7pm Jeff Jones saying that he would be on the air till 10pm?; 8:37-9pm John Sniff; 9pm-10pm Mike Martin; 10pm-Midnight (announced) Brian "C", who was still on the air at 12:35am last check. On Sunday, Wayne Scott was on the air at 10:20 am check. Heard were: - ??-Noon Wayne Scott: Noon-2pm Andy Sloan: 2pm-4pm Paul James: 4pm-5pm John Sniff; 5pm-7pm Keith the Chief; 6pm-8pm Dave Collins; 8pm-10pm Alan Ross; 10pm-Midnight Keith the Chief; Midnight -?? Mad Mike. The schedule is announced as 5pm on Friday continuous to 5am on Monday. Although most of Keith the Chief's broadcasts were listened to in the hope of getting a schedule for the station, he put it out just before midnight on Sunday, when I was listening to Radio Merseywaves!!

RADIO ACTIVE 1611kHz: 18, Glynne Street, Orrell, Bootle, Merseyside L20 6DF.

This station have not been heard this weekend, but the news is that they hope to be on the air on Thursday, possibly relayed by Central Radio International

KDA RADIO 104MHz(??)

Reports say that this station has been heard during the week, but it hasn't been noted here and its schedule isn't known.

KISS-FM 102.7MHz
