

Week ending Sunday 6th October 1985

Yet another week passes with only one local station on the air. Keith the Chief and Paul Woods were off to Sunny Spain and DJC seems not to have any transport. Listening conditions on Monday and Friday are limited, and last "checks" have been somewhat earlier than normal. The best that can be offered follows, and uncertainties are marked (?).

Monday 7th OCT

RMW wasn't noted till shortly before 6 pm, but the station obviously had some changes in "working hours". Heard have been:- ??-6pm Alan Bates; 6pm-7pm Dave Collins; 7pm-10pm Edward Bear; 10pm-Midnight Tony Coltrane; The remainder of the schedule is announced as:- Midnight-1pm Dave Collins and 1pm-3pm DJC.

The station are announcing a "Night-out" to be held at the PENNY FARTHING CLUB on the promade, New Brighton, on 7th December, but do not mention that this "do" will take place no matter what may happen in the meantime. The Penny Farthing Club occupies three floors of a building, and we are promised an BMW disco on floors one and three, with a well-known local group performing "live" at level two.
